

Privacy Act Statement:

We request your contact information to ensure that only law enforcement organizations with civil, criminal, or regulatory authority are appropriately authorized to access the database. The Federal Trade Commission Act and the Identity Theft and Assumption Deterrence Act of 1998 authorize this collection. Your submission is voluntary but we will be unable to allow your organization to access the database without it. Any information we collect in identifiable form, to the extent it qualifies as a Privacy Act record, will be maintained as part of our [nonpublic program](#) records system and our [consumer information](#) records system and may be shared or disclosed with others only for routine uses published for those and any other applicable systems. For more information about how the FTC uses information we collect from individuals, please see the FTC's [privacy policy](#).
